FOURTH INFORMATION DISCLOSURE STATEMENT

Assistant Commissioner for Patents
Washington, D.C. 20231

Sir:

In compliance with 37 CFR 1.97 and 1.98, Applicants bring to the attention of the U.S. Patent and Trademark Office the documents listed on the enclosed PTO/SB/08 A. A copy of each document is enclosed.

Applicants received an Office Action in the Taiwanese counterpart to the subject application. Therein, claim 15 of the Taiwanese application (corresponding to claim 21 of the subject application) was rejected as follows (based on a translation from Applicant's Taiwanese patent agent):

"The expression "a process ... having a desirable ..." in Claim 15 is ambiguous and indefinite because the process is merely defined by determining the relationship between denier and crimp take-up. It is found that ROC Patent Publications No. 472091 and 475013 and JP 11-189938 all disclose the relationship between denier and crimp take-up and their relevant expressions. Hence, Claim 15 is redundant and should be deleted."

Submitted herewith are (a) TW 472091, (b) TW 475013, (c) US 6,495,254 B1, which is a counterpart to TW 472091, (d) WO 00/55537A1, which is a counterpart to TW 475013, and (e) a translation of the Official Notification from the Taiwanese Intellectual Property Office. JP 11-189938 was submitted with the Information Disclosure Statement filed January 29, 2002.

It is noted that the Official Notification from the Taiwanese Intellectual Property Office is not the type of document normally cited on the front page of a patent, and, therefore, normal U.S. Patent Office practice is to cross of such documents from form PTO-08 B's. Therefore, unless otherwise noted by the Examiner on the record, if this document is crossed out, it will be assumed that it is being crossed off for this reason.

An Office Action on the merits has not been issued so it is not believed a fee is due for the submission of this document. Should any fee be required in connection with the filing of this Information Disclosure Statement, please charge such fee to Deposit Account No. 04-1928 (E. I. du Pont de Nemours and Company).
